DECOVOGUE GARAGE DOORS

A revolutionary new concept in garage doors combining a range of unique natural looking photo imaged coatings with the strength of Australian BlueScope® Steel - exclusive to Steel-Line.

DecoVogue really does look natural.

DecoVogue garage doors look natural because the process uses real images of natural materials to create the films that are photo imaged onto traditional garage doors.

The strength of Australian steel.

Made from only the best quality Australian products such as BlueScope® Steel, our DecoVogue sectional garage doors offer all the security and peace of mind that you have come to expect from Steel-Line garage doors. Proudly manufactured right here in Australia, DecoVogue sectional garage doors are built tough enough to endure the extremes of Australia's harsh weather conditions.

Five amazing designs all at an affordable price.

DecoVogue garage doors are available in a choice of five designs which are applied using a polymer based powder coating with a photo image transfer in a process exclusive to Steel-Line. Designed with value for money and quality in mind, our DecoVogue garage door will add a whole new dimension to your home.

Five DecoVogue colours to choose from:

Copper

Cork

Granite

Rustic

Lustre

Please note: The colours shown are a guide only. The limitations of printing processes make extremely accurate matches impossible. We strongly recommend comparing your choice with actual samples, as the DecoVogue finish variations in the colour will be evident. Additionally, Steel-Line reserves the right to vary or delete colours without notice.
