Controll-A-Door®

Garage door automation for sectional & rolling doors.

Australians have trusted B&D's garage door automation products for decades. Our new generation Controll-A-Door® range builds on our rich heritage by combining smooth and reliable operation with a range of features that help protect your family and belongings.

Controll-A-Door Secure

- » Smooth and reliable door operation
- » Soft start and stop to reduce door stress
- » Bright, automatic courtesy light
- » Smart Phone Control ready

Controll-A-Door Smart

- » B&D's fastest, smartest and most secure opener
- » Alerts and notification via smart phone
- » Siri Voice Control Compatible
- » Soft start and stop to reduce door stress
- » Bright, automatic courtesy light
- » Built-in Smart Hub

Controll-A-Door Power Drive

- » Smooth and reliable door operation
- » Soft start and stop to reduce door stress
- » Bright, automatic courtesy light
- » Smart Phone Control ready

Designed to exacting standards in Australia, the Controll-A-Door® range is made to work in unison with your B&D door year after year.

The Controll-A-Door openers can be fitted to an existing garage door, or can be installed at the same time as a new garage door. B&D openers are backed up by our 7-year warranty. Our Openers are tested on B&D doors to meet and exceed the Australian standard for garage doors allowing us to provide our 10-year Total Confidence Warranty when a door and opener are purchased together*.

* If you register your eligible purchase of a Pure B&D Door and Controll-A-Door Smart opener online, you are covered by our Pure B&D 10 Year Total Confidence Warranty on both the door and automatic opener. Our openers come with a 7 year/20,000 cycles standard warranty and accessories are warranted for 12 months - visit www.bnd.com.au for full details. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Auto-Lock.

Most garage doors just close but a B&D garage door can be locked securely shut.

A common mistake made by homeowners when choosing a garage door is to believe that when the door is closed it is actually locked. Recognising this, B&D developed Auto-Lock: a keyless, heavy-duty locking bolt that is engaged automatically every time you close the garage door, preventing the door from being forced open.

Auto-Lock comes standard on B&D Panelift Icon Sectional Doors and is available as an optional extra on B&D Panelift Sectional Doors and StormShield Sectional Doors.

Auto-Lock can be installed on many existing garage doors but must be coupled with a compatible B&D Automatic Opener.

For total peace of mind, combine B&D Smart Phone Control Kit with an Auto-Lock to receive real time alerts and notifications.

Safe as can

Smart Phone Control Kit

Have you ever left the house in the morning and thought, "Did I remember to close the garage door?"

B&D® Smart Hub

Have you ever left the house in the morning and thought, "Did I remember to close the garage door?". Monitor and control your garage door while you are at work or even on holidays from your compatible smart phone*. It is available as an optional accessory with the opener.

Our Smart Phone Control Kits now come with Safety Beams as standard as required by law and are compatible with both our Roller, Panelift and Panelift Icon style doors.

Scan QR code to download App for Android devices

* Subject to cellular and WiFi connection and availability.

Note - Kit includes Smart Hub & accessories. Phone not included.

Smart Phone Control is a great solution for those who carry a smart phone all the time.

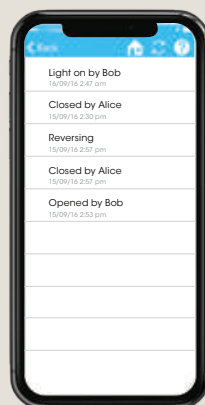

YOUR SILENT ALARM

The B&D® App features real time notifications alerting you whenever your door is operated, opened for an extended period of time or when your opener is in need of a service.

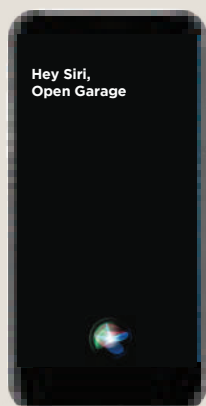

CUSTOMISATION

The B&D® App can be customised to suit your lifestyle. From partial opening modes to restricting door access times, your protection and security is a priority.

ACTIVITY LOG

You can view usage history on the App so you know who has operated your garage door and when.

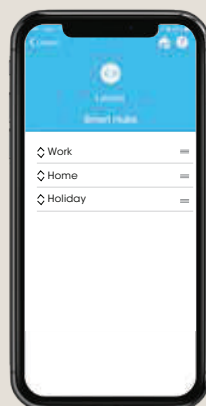

VOICE CONTROL

No more hunting for the garage remote. The B&D® App allows you to control your garage with the sound of your voice! Simply link your Apple Siri or Google Home account.

TOTAL CONTROL

The B&D® App allows authorised users to operate the garage door without a remote. Give access to as many users as you like or remove access at the click of a button.

MULTIPLE DEVICES IN MULTIPLE LOCATION

Through the App, you can control multiple garage doors and compatible gates in more than one location (eg. your home garage door, your business or holiday home garage door).

Safety Essentials.

Every Control-A-Door® automatic garage door opener comes standard with 2 premium Tri-Tran+ remote controls and 1 wall control unit offering you advanced security, excellent operating range and reliable operation with minimum interference from other wireless devices such as door bells and baby monitors.

Tri-Tran + Entry Keypad

Keyless entry via secure Pin code

Safety Beam

If the beam is broken while the door is closing, it will automatically stop & reverse.

(Note: After December 1 2020 all Smart Openers must be installed without a Safety Beam as per government Standards.)

Rechargeable Battery Back-up

Operation during power outage

Cameras.

Control who comes and goes with B&D®'s camera and smart phone App.

The modern home has become a hub of people coming and going at all hours of the day through the only automated door in the house, the garage door.

B&D® has seen this as an opportunity to develop a smart, secure camera system designed specifically for B&D® garage doors.

By installing an integrated B&D® camera paired with a B&D® Smart opener or Smart Phone Control Kit you can open the garage door, communicate with visitors and monitor your home inside & out.

B&D Camera Options

Our cameras are DIY-friendly to set up*. They integrate flawlessly into the B&D® eco system using B&D®'s own secure, trusted smart technology - not another 3rd party platform.

OUTDOOR CAMERA
87624

PAN/TILT/ZOOM CAMERA
87623

INDOOR CAMERA
87622

Features:

- Three camera options to choose from for different applications
- No additional hub required – the B&D® Smart Opener or Smart Phone Control Kit means you are ready to go
- Mains powered – no need to worry about batteries going flat when you're away, or having to climb a ladder to replace batteries
- View/playback on multiple devices by multiple users (requires optional micro SD card)
- Instant alerts to your phone via the B&D® App when a visitor triggers the camera
- Easy-to-install DIY (requires power to be available)
- Communicate with visitors, check credentials (indoor & Pan/ Tilt/Zoom only)
- Record what a visitor does when entering your premises
- Motion detection to trigger the camera (auto-record with optional micro SD card)
- Night vision - Helps you see clearly in the dark
- Remote viewing anytime - check on the things you value
- Connect up to six cameras to single B&D Smart Opener or Smart Phone Control Kit

DID YOU KNOW?

1.57 million parcels are delivered in Australia every day and that 17% of Australian adults (18+) have already experienced parcel theft in their life! Don't let it happen to you, install a B&D Camera.

Garage Doors Range.

B&D garage doors and openers are designed to work as one, seamlessly integrated system. There are two basic types of garage doors: roller doors, and sectional doors. The right choice needs to balance style and function. Style, we've got covered. The trick is picking a B&D garage door that suits your needs. Give the neighbours a show with our statement doors, or give your business a boost with our commercial solutions.

B&D Doors and Automatic Openers are designed, tested and proven to work in unison. That's why we back them with a 10 year total confidence warranty when you buy them together.

Browse our range including our stunning statement designer doors, our wide range of Panelift doors and the tried and tested classic, the Roller Door.

Designer Series

Specialised contemporary doors designed for maximum eye appeal... because first impressions last.

Our Designer Series range:

- Sheer Panel Collection
- Slatted Collection
- Custom Insert Collection
- Biowood Collection
- Prodema Collection

Panelift Sectional Doors Roller Doors

Sectional garage doors are made from a number of rigid panels that move along the garage ceiling when the door opens. Our Sectional garage door range offers the widest choice of designs and colours including windows on selected models.

Our Sectional Door range:

- Panelift Icon
- Panelift

In 1956, we invented the roller door. We've spent the last 60 years perfecting it, so when you buy a B&D roller door, you're buying decades of innovation, quality and genuine care. Have a look at our range below.

Our Roller Door range:

- Roll-A-Door Neo
- Roll-A-Door
- Rollmasta
